Memo

1. Krishnasastry is the
one of the Sadasivas
whose father
-bhatta is said to have
planted the tope in question
abt. 70 years ago - He says
that when his house in
the fort was pulled down
some time ago for the im
provement of the sanitation
of the fort, he went & built
a new house at Chama
rajapet in the Western
Extension, & that the Divan
was graciously pleased
to show him a site to the
south of Sanji Narasimha
Sanscrit School for building
a house upon & promised
to give him the money in
question - He has no written
authority in support of his
statement, & he says he

Devasam order was only verbal -

2 - Krishnadasa has 3 brothers all of whom agree to the amt. of his appeal of Rs. (Rs 845-7-0) being applied towards the construction of a temple in the Western Extension - The only person who objects to this is his namesake & cousin (paternal uncle's son) who was the Pltff. in the civil suit & who says that the money should be devoted to "Sadhana Dasa radhana" in a temple at Gokulam built by their grandfather - There are no other claimants than these to the money realized by the sale of the Lopez, & there says was their ancestral property -

3 - I consider the amt. (Rs 845) too small to institute a general charity which might benefit all classes of the community

& I know of no one charitable institution existing at present in the town of Jeypore & w^h the am^t in question may be usefully applied I therefore think that the money may well be given & Kaistnasarty for the building of a temple in the Western Extension, where the want of one is felt by those who have pre & built houses there recently

4 - The deputations taken from Kaistnasarty & his brothers, & from his cousin, are herewith submitted -

Thimmaraya

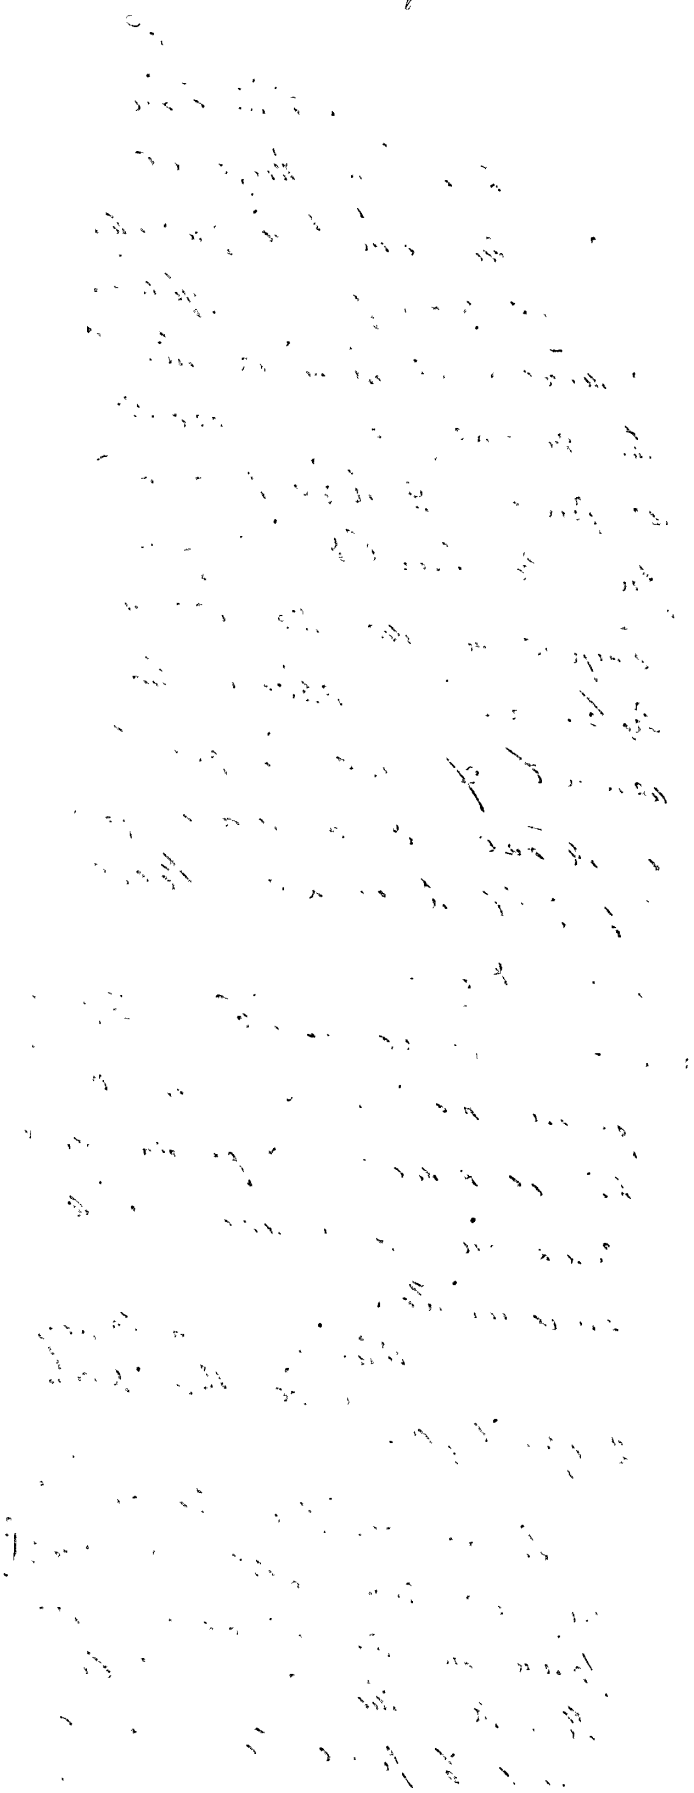
Since writing the above I have consulted M^r Johnson in the subject - he thinks the Govt will do well to give the money above referred to in aid of the Lunga Khana (Poor House) w^h the



Municipality – purpose
to start this year, for
which a sum of Rs 60 has
been provided in the
Budget are kept
up to date.

Memo

Mysore Deputy Commissioner's letter No: 308 dated 25th July 1889. Submitting report on Chief Court judgement in S. A Suit No: 3 of 1888 regarding the amount realized by the Sale of certain Covenant lands in the Red of the Hon'ble Chief Court, Mysore town.

The facts of the case are as follows:—

On the 5th of December 1888 one Krishna Saoby of Mysore presented a petition to this office praying that the amount of compensation* decreed to be paid on account of a Lease resumed by Govt as well as the other Inam lands mentioned in his petition to the Mysore Deputy Commissioner

* Rs. 600, Other persons having claimed this amount the Chief Court passed a decree to the effect that the amount should be spent or utilized for some other charitable purpose & should not be given to either of the parties claiming it. (2nd appeal No: 3 of 1888).

Petition of 19-3-87.

In this Petition this has also prayed that certain Inam lands mentioned therein and set a part by the original grantee for the upkeep and maintenance of Lakshmi narasimha Swamy temple built by him at Yadatura, may be resumed and placed under the authority of the Thasildar Deptt. to perpetuate the charitable intention of the original grantee

Thasildar Officer should be held in trust by Govt for the maintenance of the Temple referred to therein and continuance of the pujah therein.

On the 16th November 1889, the Chief Judge submitted for the information of Government a copy of the Judgement referred to in the above para and it was forwarded to the Mysore Dy. Comr with this Office Docket No: 5958 of 279 18th December 1888, for needful action and report.

On 2nd January 1889 the Dy. Comr ordered the Mysore Amildar to report how much of the amount referred to in the Chief Court decree had been held as deposit in the Taluk Treasury — and directed

No. 1050

him to enter that amount to the credit of the Dy. Comr. without whose orders the amount should not be utilized for any purpose.

On the 8th of January 1889. Krishna Sastry having presented a petition to the Labour Office & personally deposed to the effect that the amount of compensation awarded for the Lake & the sum realized by the sale of the bricks were in should be placed at his disposal for the purpose of building a temple on a piece of ground granted by the Dewan Bahadur in the Western extension of the town, & that he would undertake to complete the structure contributing from his own pocket any amount

× Plan Submitted

that may be required in excess of the said amounts.

Thereupon the Auditor reported that in compliance to the Dy. Comm's order the trees in the Lots in question were publicly sold & the sale produce viz Rs. 245-7-0, was forwarded to the Executive Engineer with Yadi No. 48 of 28th September 1885, and that the Compensation amount namely Rs. 600 payable to the owners of the Lots, which had been held as deposit (No: 15-2 of 1885-) till then, has been refunded to the Dy. Comm's credit as directed.

× No: 250/375 of Sept 17th, 1885.

The Auditor was again requested to report if the 600 Rs held in deposit was the amount referred to in the Chief Court decree, & under what circumstances the amount (245-7-0) realized by the Sale of the trees had been sent to the Executive Engineer and

No: 1226 of 15-2-89

if that could not also be utilized for charitable purposes as decreed by the Chief Saint and requested by Krishna Saoby

Rec: 1327 8/15-2-1889

Then the Amildar having requested the Executive Engineer to inform how the amount (246-7-0) had been disposed of, he was told that as the owner had not removed the trees with the time allowed, at his request the Taluk authorities had sold them & forwarded the amount which had been credited to Govt under "Miscellaneous Revenue receipts" and that therefore the owner had no right to claim it.

Rec: 1824 8/1-4-89

The Amildar then

refaibet Bday that only
the 600 Rs ~~deposited~~ held
in deposit in the Taluk Treasury
were available for charitable
purposes as directed by in
the Chief Court's decree.

No: 60 of 30-4-89.

The Amildar was again
requested to report whether
the compensation of 600 Rs
was awarded both for the
land and the trees thereon
or only for the former,
and if it was for both,
what was the cause of giving
a notice for the removal
of the trees.

No: 371 of 5-7-89.

The Amildar then
Submitted a report to the
following effect:—

No: 275 of 8-7-89

The compensations for
the lands taken up for
the Railway Courts were
fixed by the Dy. Comr—

and that therefore whether in the case under consideration the compensation of 600 Rs was awarded both for the land and the trees thereon, could not be ascertained from the Taluk records. But from the evidence of the villagers and the Shanbhogue, it was clear that in all such cases the owners of the lands were allowed to remove the trees & hedges of gardens within a specified time.

The Dy Comr now reports that 600 Rs was the compensation awarded for the site of the tope in question, which is in deposit in the Taluk Treasury, and that he gathers from

with Rs. 2,45-7-0 the proceeds of dues, which stands credited to P. W. D. Miscellaneous receipts, — an aggregate of Rs. 845-7-0 are available for charitable purposes.

The Dy-Comr recommends the grant of this amount to Petitioner Krishna Sastry by way of contribution towards the cost of the temple proposed to be constructed in the Western extension, with guarantees for the proper application of the funds.

Second appeal against the decree of the District Judge of Mysore, in appeal No: 142 of 1887, modifying the decree of the Court of the Munsiff of Mysore, in Original Suit No. 49 of 1887.

This second appeal coming on for hearing on Monday the 8th day of October 1888, the Court delivered the following

Judgment - We directed the District Judge to ascertain, whether

the topee was partible, and, if it was not, whether the parties could claim division of the money payable by Government - And as it appeared to us that the parties were not willing to disclose the true nature and character of the property, we instructed the Judge to send for certain records from the offices of the Revenue and Settlement Departments and to make a full investigation - Instead of obeying our instructions, the Judge simply examined the Plaintiff and one of the defendants, and returned the following finding - "the topee would be indivisible if it had existed in its original form. x x x it was a topee planted by the roadside for the use of travellers and for carts to halt there - Its yield would not have been great, and it was not set apart for any particular purpose - I see therefore no objection to the distribution of the compensation money between the parties." No objection was filed to this finding -

When the appeal came on for hearing, we mentioned to the Advocates

that the investigation had not been full and satisfactory, and that we failed to perceive how the parties could claim division of the money if the tope itself could not be divided among them. Thereupon, the Advocates admitted that their clients had always intended to apply the money to some charitable purpose, that it was far from their intention to appropriate it to their own purposes, and that their clients were bound to carry out the pious intention of their ancestor, who had dedicated the tope to the use of the public. One of the parties declared that he would be satisfied if the money were spent on the temple which had been founded and endowed by their ancestor. Another declared that the charity would be conducted in a most satisfactory manner, if the Government would keep the management in its hands. In the face of these admissions and declarations, we do not consider it necessary to direct further enquiry, and we find that the parties had no right to claim a division of the sale proceeds of the tope.

"The general rule is, that, if lands are given to a corporation for

charitable uses, which the donor contemplates to last for ever, the heir never can have the land back again. But if it should become impracticable to execute the charity, as expressed, another similar charity will be substituted, so long as the Corporation exists. If the trustees or Corporation fail, the Court will substitute itself in their stead and thus carry on the charity. × × × If the testator has manifested a general intention to give to charity, the failure of the particular mode by which the charity is to be effected, will not destroy the charity. For the substantial intention being charity, equity will substitute another mode of devoting the property to charitable purposes, although the formal intention as to the mode cannot be accomplished. "Story's Equity Jurisprudence, Sections 1177 and 1181.

If the money had been at the disposal of the Court, it would have been necessary to consider what directions we should give as to its application. But since it is in the hands of Government, we are relieved from the task of giving any directions. "The Government has a right to guard and enforce all charities of

a public nature by virtue of its general superintending power over the public interests, where no other person is entrusted with that right." It has not been stated to us that the parties have been entrusted with the right of management of the charity. The Government must see to the lawful application of the money and the parties have no right to receive it, and therefore no suit lies for a declaration of right. We reverse the decrees of the lower Courts and dismiss the suit, directing each to bear his own costs throughout. A copy of the Judgment will be sent to the Government. —

honor to submit herewith the de-
positions taken from applicant
Krishna Shastry and his cousin
(Krishna shastry) from which it will
be seen that applicant Devadas
Shastry's son Krishna shastry states
that the amount viz Rs 845-7 -
may be utilized for the repairs &c to
the temple at Gedatore established
by his father by Government
Agency. His cousin Sadasiva
Shastry's son Krishna shastry states
that the amount may likewise be
utilized for the temple repairs not
by Government agency but by

himself after taking proper se-
curity from him.

2 Although both parties agree that
the amount may be utilized for
repairing the temple at Gedaloor
yet they are unanimous
as to the manner in which the
money is to be spent. I would
therefore beg to suggest that the
amount may be spent in
repairing the temple through the
agency of the Mysore Department.

Question — "What is your opinion about the utilization of the sum of Rs. 845-7-0 paid for the land and tope near the Kukkarhalli Bank."

Answer — "The Inam land attached to the temple of Lakshmi Narasimhaswami founded by our ancestors in the Yeda-tore Taluk has been made over by us to the said temple. My opinion is that the sum of Rs. 845-7-0 now in question should be invested in the Savings' Bank and that the interest accruing thereon should be utilized for the services in the temple. I have also put in an application to the Devan to the same effect. If any portion of the principal is required for the repairs

repairs of the temple, the same may be utilized for such repairs through Govt. agency. If it is to be given to the profession of my cousin, Thristna Sastry, son of Sadasiva Sastry, on proper security, my share of the amount may be retained in the profession of Govt. and utilized for the temple purposes."

Translation of the deposition given by Thristna Sastry, son of Sadasiva Sastry.

Question — "What is your opinion about the utilization of the said amount of Rs. 845-7-11."

Answer — "I agree to the proposal to appropriate a portion of the principal for the repairs of the temple

temple founded by our ancestors
in the Gedatoire Taluk, to credit
the balance to the funds of the temple
and to utilize the interest accruing
thereon for the services in the Insti-
tution. As the management of the
temple is vested in us as per decree
of the civil court such amount
as may be required for the repairs
of the temple may be retained and
the balance may be given to us on
proper security. If the Govt does not
like to give the balance to our
profession, the interest accruing
thereon may at least be given to
our profession to conduct the services
in the temple."
